Warrior Weekly

April 26, 2024

Happy Saturday, Warrior Families,

We are thrilled to have your families back from Spring Break. The last month and a half are key for your student to end the year strong. Please take the time to help each focus on the new year. Remember, we support students to complete work every day after school, including office hours with their teachers and student support (homework help).

Family Survey Time

You are the most important person in your child's life, and we want to ensure you have the opportunity to shape their school experience. We ask that you participate in our 15-minute survey to help our school improve our communication, academic programming, and overall experience for you and your child.

[Click here \(insert anonymous survey link\) to complete the survey by May 17th.](#)

We believe that families are a key element in a child's education experience. Your feedback is invaluable to us. The family survey is designed to help us understand your experiences with our school and gain insight into how we can engage with you more effectively. Our goal is simply to help our school become better at engaging you and your family in your child's learning. Together, we can create the best learning environment possible for your child.

We are working with TNTP to conduct the survey. Responses will be anonymous and only used to inform future family engagement strategies. Families should only complete one survey per student. If you have children at more than one school, please complete the survey for each school at which you have a child. If you have multiple children at one school, answer the questions with your eldest child in mind.

Thank you in advance for taking the time to share your feedback. We value your input and look forward to working with you more closely to ensure a great learning experience for your child.

As we do every year, we want to hear your feedback about the school year and how we can improve in the new year. Please complete the following survey as soon as possible.

Warm regards,

Raymond Weeden
Executive Director

Registration Process for School Year 2024-25

We are excited to take the next steps in welcoming your child back to Thurgood Marshall Academy for the upcoming school year 2024-2025! Here's a simple guide to help you complete the registration process smoothly:

Step 1: Proof of Residency

Please bring in, email, or text a member of our admissions team your proof of residency. This could be your current DC identification card along with 2 consecutive utility bills, driver's license and car registration, current paystub, proof of assistance from the District government (TANF, SNAP, etc).

Step 2: Documents via DocuSign

After we have received and verified your proof of residency, you will receive documents through DocuSign for electronic signature. These documents will include important forms and agreements necessary for enrollment.

Step 3: Complete Registration Paperwork

Once you have signed the required documents via DocuSign, you will receive a registration link to complete the remaining pre-populated registration paperwork. This will include student information forms, emergency contact information, and additional required documentation.

Our admissions team is here to assist you every step of the way.

Wellness Team

Spring cleaning can be a great way to boost your mental health and wellness!

1. **Declutter your physical space.** A cluttered physical environment can cause stress and anxiety. Take some time to go through your belongings and get rid of things you no longer need or use. A clean and organized space can help clear your mind and improve your mood.
2. **Let go of – or make space for negative thoughts.** Spring is a time of renewal and growth. Take some time to reflect on any negative thoughts or beliefs that may be holding you back.
3. **Create a self-care routine.** Self-care is important for your mental and emotional wellbeing. Use spring cleaning as an opportunity to create a self-care routine that works for you.
4. **Connect with others.** Spring is a great time to reconnect with friends and family members. Reach out to someone who you haven't talked with in awhile.
5. **Practice gratitude.** Gratitude has been shown to have a positive impact on mental and emotional wellbeing. Take some time to reflect on the things in your life for which you are grateful.
